This is in response to applicants petition filed March 24, 2004, to make the above-identified application special under the provisions of 37 CFR 1.102(c), based on inventions relating to cancer. There is a \$130.00 fee for this petition.

Applicant has satisfied the provisions set forth in M.P.E.P. 708.02, X. Therefore, the petition is **GRANTED**.

The following condition applies to the grant of this petition: If, upon examination, it is determined that a restriction requirement is necessary because of multiple inventions being claimed, applicant will be required to make an election without traverse of a single invention to be prosecuted.
